# OVERVIEW

## WHAT IS EUREKAHACKS?

EurekaHacks is an upcoming high school hackathon taking place on April 5th, 2025 at Abbey Park High School. It is a 12 hour long engineering marathon where teams of high schoolers design, build and pitch ideas related to a central theme, competing for prizes.

## ABOUT US

Founded in 2022 by two high school juniors with a desire to share their passion for technology and innovation, EurekaHacks has quickly grown to become one of Canada's largest high school hackathons. Organized by high schoolers, for high schoolers, EurekaHacks aims to empower the next generation of leaders and problem solvers, giving them a platform to showcase their creativity, build impactful projects, and network with other like minded people. Featuring workshops, mentorship and insights from industry leaders, EurekaHacks provides an exciting day full of learning.

# WHY WE NEED YOUR SUPPORT

We believe that someone's socioeconomic background should not limit their opportunities to learn, grow, and have an impact.

By supporting EurekaHacks, you help ensure that talented students from all walks of life have the resources, mentorship, and platform they need to succeed.

Your support directly funds essential elements like food and operational costs like our website and allows us to keep the event free and accessible.

# SPONSOR BENEFITS

Custom packages are available | Non-monetary donations accepted

## SEND MENTORS

Mentors are industry experts that represent your company and help hackers brainstorm, overcome challenges and share their insights. Sending mentors is an amazing way for your company to form a positive, direct connection with hackers.

## SPONSORSHIP BOOTH

A sponsorship booth gives you a dedicated space at our event in a prominent location where your representatives can engage with hackers, hand out swag and flyers, and promote your company in general.

## CUSTOM AWARD

Prizes are one of the most important parts of a hackathon and custom awards and prize tracks like “Best use of [Your company API]” and “[Your company name] Innovation Award” are the best way to capture hackers’ attentions for the entire day, and beyond.

---

As a registered non profit, we issue tax receipts on all donations above \$100.

For maximum transparency, all our transactions are open source on Hack Club Bank and freely viewable by anyone.
